Directions to the SFA shooting range: The simplest and fastest route for most people will be to go east on Williams Avenue (Hwy 50) to the east side of Fallon and turn north onto Rio Vista. At the cemetery, take the right fork onto Indian Lakes Road and go around the east side of Rattlesnake Hill. Continue about three miles north until you cross the intersection with Bafford Lane. Take a look at your odometer there and continue another 1.2 miles north on Indian Lakes Road. At that point you will see a yellow and black striped sign on the right (east) side of the road and a grove of trees on the left. Look for the SFA match sign. Turn left (west) on to a dirt road. Go 150 yards to a set of green steel gates. The SFA range is immediately in front of you on the right. Parking areas are on the east and west sides of the range.

(NOTE: Except during certain events/matches when the public is invited, the SFA Range is a private facility and designated for use by SFA members and their accompanied guests only.)

Camping at the SFA Range

RV and tent camping space is available at the range. No electrical or sewer hook-ups, but potable water is available. "Porta Potty" restrooms available.
